UNITED STATES DISTRICT COURT

Your Honor,

RDB-11-0547

I am writing to you today because, I was transferred from the Chesapeake Detention facility (CDF) to the Court house at 101 Lombard St. My Legal paper, Medication, Legal letters and other papers pertinent to my Case were all placed in a brown Shopping bag and transported with me. Upon leaving the federal Court house

I ask the transport officers if they had all my property, they replied that they did. I was taken to the Northern Neck Regional Jail in Warsaw, Va. Where again I ask for the legal mail, letters and Medications. This time I was advised they did not have my property. It was not transported with me. I went four days without my Meds. Putting in all proper request forms required by the Northern Neck facility to find my paper work. I have contacted my Lawyer several times and ask that he contact the Marshalls department at the federal Court house. In my knowledge this has not been done. Your

Honor. Their are papers I can not duplicate in that bag. I apologize for bring this matter to your attention but, I have tryed All other avenues with no avail. Your Honor if this Matter could be solved by A simple request to the Marshalls to find my Legal mail and paper, I would be grateful. I don't understand why the very same medications that was brought to the facility on Tuesday 15, 2013 and not my paper work, if it was placed in the very same bag.

Respectfully Submitted
Nicky Cash
